

# CAMPUS TOWN

## Resident Questionnaire and Profile:

To better assist us in matching you with other roommates, please fill out the answers to the following questions truthfully. While every effort is made to pair students with compatible roommates, roommate assignment preference or compatibility is not guaranteed. Specific request by applicants to exclude roommates for consideration based on race, color, religion, national origin, disability, military status, or other protected classes are to be disregarded. Roommates will be matched by sex, so all roommates in an apartment must either be male or female.
